Why Choose Juhl Photography for Your Senior Portraits?

Be wary of the “shoot and hand over DVD” photographers—in the end you will be responsible for the quality of those final images—Juhl Photo takes that responsibility off your shoulders and will produce the quality you are looking for whether you are purchasing prints or digital images.

Awesome, Affordable Prices: Our low overhead, professional studio, and word-of-mouth marketing keeps our costs very low. We pass those savings directly on to you without sacrificing quality. We offer a variety of affordable print packages to meet your needs. You can also add to any package or build your own custom package from our *Al A Carte* price list. Pay for exactly what you want. Mix and match poses in your package.

Fast Turnaround Time: Your online proofing gallery will be ready to view within 5-7 business days. Final portrait orders are usually ready within three weeks from date of order—pending volume at time of order. Allow extra time for retouch requests.

Professional Quality: Low prices don't have to mean low quality. While we are skilled in most types of photography, we specialize in portrait photography with class, personality and style. All purchased portraits include our basic retouch option.

In Person Consultation Available: An online consultation form will be emailed to all seniors to complete. However, every senior has the option to have an in person consultation with their photographer. At this consultation your photographer will discuss the details of your upcoming session and customize it based on your preferences. If you would like an in person consultation, please request one when booking your appointment.

Flexible Sessions with Personal Attention: We are flexible and will work around your schedule. We don't believe in assembly line portraits. We allow enough time in scheduling appointments to give you the attention you deserve. All sessions are based on a casual, fun, no rush atmosphere. We continue until we both feel we have accomplished what we have set out to do.

Attention Pinterest Users: Have some fun and be part of the planning. Create a Pinterest board with your “style” and shots you love. Share with us and we will make it happen at no additional cost.

Referral Reward: Refer your friends and receive a 10% discount off your print order for EACH friend you refer. Must sign up for our FREE rewards program. Qualified referrals only. Ask for details at your session.

Various Printed Proof Options: We offer a variety of different proof options for purchase. See the Portrait Packages page for details.

NO Same Day Ordering: Unlike other studios, you don't have to order on the spot. With Juhl Photography, you have up to 60 days from your session date to decide in the comfort of your own home.

Yearbook Pictures: Place your order at least 2 weeks prior to your yearbook deadline and we will deliver your yearbook picture directly to your school for you at no additional charge. Please know your deadline and yearbook restrictions.

Social Media Flash Drive: Includes 10 basic retouched images, resized for online use only. This does not include copyright release.

Digital Sessions & Packages: ALL unedited hi-res images from your session; includes 10 basic retouched images of your choice; and copyright release to print and use anyway you want. Come back and have us print professional portraits for 50% off regular print prices.

Studio & Outdoor Locations: Our comfortable, spacious Main Street studio is equipped with all the professional imaging equipment necessary to produce the kind of quality portraits you should expect. If you like, we can suggest a variety of outdoor locations, or you can choose your own.
